MEMORANDUM FOR: Director of Security  
SUBJECT : Office of Security Monthly Report of  
Trends and Highlights for September 1974

1. The Office of Security Case Control and Reporting (OSCCAR) System made good progress during the month with data on 520 CD/1 and CD/2 cases fed into the system. New terminals with hard copy attachments were installed in CD/1 and in the Security Records Division. Daily runs will become possible as soon as programming problems, normal with new systems, are overcome.

2. The auditorium has been reserved for the Security Reindoctrination Program for the period 29 October to 12 December covering thirty briefing sessions.

3. Statistics for the Personnel Security and Investigations Directorate indicated a relatively static situation compared to August 1974 with minor decreases in one type of clearance activity offset by minor increases in other clearance activities.

4. After a brief lull in August, September showed considerable activity in requests for foreign operational polygraph interviews.
